John Frank loves to be in the spotlight while being young and dynamic since 2012.

The brand is aimed for the cool guy who enjoys wearing his own identity, down to the smallest detail with collections in beachwear, underwear & socks.

John Frank's collections live through colours and patterns and we are motivated by an ambition to create strong expression. Whole lot more , we are always searching for the new and the unexpected with implanting innovations to the collections.

Our concept stands for a way of life; be yourself and enjoy life with the motto 'be Frank with yourself'. We want to add playfulness to everyday life with colorful and tasteful in-house designs.
